

## Funny Sun Shell Faces

Now start working with water paints we are going to do funny faces. Let start it! You will need the following supplies:

1. - Sun Shell 9-10cm (item # 48102) our product.
2. - Metallic Theodoxus (item # 85288) our product.
3. - Dyed Umbonium (item # 28997) our product.
4. - Magnets (item # 12001) our product. Optional.
5. - Easel Plastic Stands (item #17201) our product. Optional.
6. - 7.5 Watt Clear Bulb (item # 12821) our product. Optional.
7. – Whicker Hat 3” (item # 12032) our product. Optional
8. - Water Paints/
9. - Marker
10. - Pencil
11. - Scissors
12. - Glue

Instructions:

**Step #1** Select the face you want to paint and draw it on a piece of paper just to have an idea of the funny face your are making.

**Step #2** Choose your favorite color and start painting the sun shell, from top to bottom. Repeat process until the color is uniform around the shell.

**Step #3** Once the paint is already dry, using your pencil draw the face desing. Then glue the eyes (Dyed Umbonium) and the nose (Metallic Theodoxus). For the rest of the face use the marker.

**Step #4** Now do a little flower with the metallic theodoxus to glue it to the girl designed shell. And for the boy design, use the whicker hat 3” and cut it using scissors down the middle and glue it to the boy’s face. As you can see by using the accessories you give the funny faces an attractive view.

Now you can use your funny sun shell faces as invitations for your next party. Also you can glue a magnet (item #12001) on the back and decorate the refrigerator of a loved one. Or you can accent your bedroom by creating a night light, with a little bit of hot glue\* and a 7.5 watt clear bulb (item # 12821).

\* Hot glue gun activity must be supervised by an adult.
