

# Hair Pins

Now continue working on your hair accessories. Let's make pins for long or short hair. For this you need the following supplies:

## ***Supplies:***

- 1.- Regular pins
- 2.- Clear glue (our product #12651)
- 3.- Glue gun

## Decoration supplies:

- 1.- Rose Cups (our product #25154)
- 2.- Coquina Large (our product #28380)
- 3.- Metallic Dyed Dentallium (our product #85286)
- 4.- Littorina Yellow (our product #85464)
- 5.- Gold Wire
- 6.- Metallic theodoxus (our product #85288)
- 7.- Dyed umbonium (our product #28997)
- 8.- Glitter
- 9.- Clear nail polish

## Steps To Follow:

**Step 1** Make little flowers using the rose cups, littorina yellow, dyed umbonium and metallic dyed dentallium. Or you can make butterflies by gluing the coquina large, the metallic dyed dentallium and the gold wire. After you've made this just apply a thin layer of clear nail polished and sprinkle the glitter for a beautiful and brightness finish.

**Step 2** Now just glue the pin to the back of your shell design.

Now you have created beautiful hair pins and you can share with your friends. The best of all this is that you created them on your own.
