

Planters

Do you like to work with plants?... Well let's do some planters that can help you to decorate a room and make it a pleasant place to stay. To do this you will to get the following supplies:

- 1.- Mud Planters
- 2.- Clear Glue (our product #12651)
- 3.- Glue Gun
- 4.- Indoor/Outdoor Water Paints
- 5.- Caycay White (our product #85188)
- 6.- Littorina Yellow (our product #85464)
- 7.- Foam
- 8.- Gravel Assorted Colors (our product #26128)
- 9.- Clear Nail Polish
- 10.- Synthetic Flowers

Steps:

Step #1 Start painting the mud planter with the colors of your preference.

Step #2 After that, select 4 caycay pectens and glue them together putting a littorina on the middle.

Step #3 Now, pick out colors of your preference and paint the flowers. Also, apply a clear nail polish layer and let it dry.

Step #4 Once the planter and flowers are dry glue the small flowers around the planter.

Step #5 Put the foam inside the planter and add the synthetic flowers to it, add the gravel all around the flowers and to bottom of base. This is for decoration only.

These beautiful planters can decorate a bedroom or any other area in a home.
